

B-X Safety Solvent

Instructions

Clean Bird Proof off caulking guns or sprayers

(For best results, do this immediately, before Bird Proof has set completely. It will still work if you wait, it will just take a bit longer.)

Clean Bird Proof from over-applied areas, runoffs or last year's applications

Unique cleaner with exceptional dissolving power "solubilizes" the Bird Proof repellent for clean & easy water rinse.

Application: Pour, wipe, mop, brush or pressure clean. Do not dilute.

For heavy repellent buildup: Either remove heavy build up with a putty knife or paint scraper then remove the residue with solvent, or saturate the entire area with the solvent, and rinse away the dissolved repellent with water after 30 minutes.

SPECIFICATIONS:

- ***Non-Flammable***
- ***Water-Soluble***
- ***Colorless***
- ***Non-Foaming***
- ***Slow Evaporating***
- ***Neutral pH***
- ***Free from Chlorinated Solvents and Chloro-Fluoro-Carbons***
- ***Harmless to Clothing, Fabric & Carpeting***

Also effective on a variety of previously difficult-to-remove materials, including:
